## REport – Reed Kryder

Our next membership meeting is Tuesday, May 4th. Our Double Regional is May 15-16. Our National is May 29-30. It looks as if May is a very busy month for members of Mahoning Valley Region.

I know a lot of our members are busy preparing for events, either by helping facilitate them or prepping their cars. If you aren't one of them, WHY NOT?

There is too much going on to list everything. If you don't know schedules, check [www.mvrscga.org](http://www.mvrscga.org), [www.nelsonledges.com](http://www.nelsonledges.com), [www.kryderacing.com](http://www.kryderacing.com), or call 330-854-4889 for information.

Hope to see all of you a lot in May.

ARE YOU FEELING LUCKY?

RUN FOUR NATIONAL RACES  
AND WIN

\$500.00

Races included are:

May 29-30	Mahoning Valley National
	Nelson Ledges Road Course
July 3-5	Neohio/Detroit Double National
	Nelson Ledges Road Course
July 31-Aug 1	Steel Cities National
	BeaveRun Motorsports Complex

National drivers running all four events will have a chance to win \$500.00. There will be **MULTIPLE DRAWINGS**. Drawings for \$500 will continue until less than \$500 remains. Whatever that remaining amount, it will go the next name drawn.

There will be NO INCREASE to entry fees for this program. The money in the "pot" is being contributed by the sanctioning regions, Nelson Ledges Road Course, and BeaveRun Motorsports Complex. Additional contributions are expected from Kryderacing and maybe a few other sources. The only driver eligibility requirement is having a paid entry fee at ALL FOUR NATIONALS.

Winning names will be drawn during the Saturday evening party at the BeaveRun event.

Additional information will be supplied in the future with entry forms or by contacting Kryderacing at 330-854-4889.

### **Impact Racing Decertification**

Notification was recently sent to SCCA Drivers informing them of the action taken by SFI to decertify some products manufactured by Impact Racing, LLC. We'd like to provide your event teams with the following information:

From the SFI Press Release dated 4-21-10

"1. Impact Racing has withdrawn its appeal of the decertifications of its products bearing SFI 3.2A, 3.3, 16.1, and 16.5 specifications manufactured in the years 2005, 2006, 2007, and 2008. The decertifications of these products are now permanent."

It is our responsibility to inform our drivers of the action SFI has taken and the driver's responsibility to be

compliant.

Please post the attached Racing Memo prominently in Registration and Tech for the next couple of your events to ensure our drivers are aware of the decertification. For tech and steward personnel involved in safety inspections, please follow these instructions.

Tech activities should be conducted as usual. No special activities are needed to address the situation. If you are checking safety gear as part of your event tech plan or are involved in annual tech inspections, be aware of the following:

Gear bearing SFI 3.2A, 3.3, 16.1, and 16.5 labels that has Impact Racing noted as the manufacturer AND a date of 2009 or 2010 – Compliant

Gear bearing SFI 3.2A, 3.3, 16.1, and 16.5 labels Impact Racing noted as the manufacturer AND a date of 2008 or earlier – Non-Compliant

Gear bearing SFI 3.2A, 3.3, 16.1, and 16.5 labels Impact Racing noted as the manufacturer AND no date – Competitor needs to present a letter from Impact showing a manufacture date of 2009 or 1010 to be considered compliant

Gear that has no manufacturer noted – business as usual.

A non-compliant finding should be treated as any other non-compliant ruling on a safety related item.

Any questions on this matter should be directed to the Club Racing office in Topeka.

Sincerely,

Terry Ozment

### **SFI PRESS RELEASE**

April 21, 2010 - SFI issues the following press release.

Please review this carefully:

1. Impact Racing has withdrawn its appeal of the decertifications of its products bearing SFI 3.2A, 3.3, 16.1, and 16.5 specifications manufactured in the years 2005, 2006, 2007, and 2008. The decertifications of these products are now permanent.

2. The decertifications are based upon a number of the affected products being noncompliant with SFI specifications concerning labeling and construction. In addition to the presence of non-compliant SFI tags and the absence of DOMs on products, 3.2A/5 suits made prior to 2009 have been constructed with non-compliant materials that, in SFI's judgment, pose a safety risk to users of these suits.

3. Impact Racing is permitted to maintain the certification for products bearing SFI 3.2A, 3.3, 16.1, and 16.5 specifications manufactured in 2009 and 2010. SFI's investigation of the labeling and construction of these products is ongoing. Impact's participation in the SFI specification programs ends June 22, 2010.

4. Any Impact product with SFI specifications 3.2A, 3.3, 16.1, and 16.5 without a date of manufacture (DOM) is deemed to be a decertified product unless the manufacturer has provided the product user with proof that it was manufactured in 2009 or 2010. This proof must be presented to track officials upon request. Impact believes that its products made in 2009 and 2010 have the DOMs affixed to products to the extent mandated by SFI specifications.
